

A Fond Farewell "Magic"

Girl, youâ€™ve got some growing up to do,
But when youâ€™re through,
Iâ€™ll be around,
â€™Cause youâ€™ve got me entranced;
Under your spell.
Youâ€™ve got me ten feet off the ground.

And I am so surprised, because they always said,
That angels only sing for souls in the city,
But Iâ€™ve seen you walking here, in the flesh,
Lord, am I dreaming?
If you said the words, Iâ€™d follow you anywhere.

Girl you light the room up when you sing,
But you were made for better things,
Than wasting time here in this town,
â€™Cause youâ€™ve got that magic,
That shouldnâ€™t belong to anyone.
Youâ€™re gonna turn the whole world upside down.

And I am so surprised, because they always said,
That angels only sing for souls in the city,
But Iâ€™ve seen you walking here, in the flesh,
Lord, am I dreaming?
If you said the words, Iâ€™d follow you anywhere.

And I hope that this is just the beginning.
Girl, Iâ€™ll meet you on top, God willing.
If everything goes according to plan,
Weâ€™ll both be there someday.

And I am so surprised, because they always said,
That angels only sing for souls in the city,
But Iâ€™ve seen you walking here, in the flesh,
Lord, am I dreaming?
If you said the words, Iâ€™d follow you anywhere.
Singingâ€¦

Youâ€™re gonna turn the whole world upside downâ€¦
