So just pull out!  
Run out the door, jump out of the window  
You're right back to where you started before  
Before you know, you'll be miles from here,  
And then you'll be miles from them  
And then you will not go until they reject your pampas  
stare

{Pre-Chorus}  
You block my punch shoulder my lunge  
Eat my fuck and steal my blood money honey  
I've got to give it to you back.

{Chorus}  
Believe me when I simplify  
The stakes are high and so am I  
I once was told not to be afraid  
I once was told not to be a€¦

The deliverance of something that great isn't all that  
So just pull out  
Can't get away from you every where I go there you are  
I try to steal your shoes every time I try you get a  
criminal eye  
That peers right thought my soul  
As if you would have known what was coming next

{Pre-Chorus}

{Chorus}

You'll point to issues past  
A somber riddle dance  
When there's a price to pay now it's gone  
Some heavy rain comes down  
Your interest turned around  
I can't help you in the shadows if you cannot see  
I'm not the one with no bullets and gun  
Bleeding the hearts that disgraces beside you  
You are the one that's committed these things  
While in you're in flight

PULL OUT!!! PULL OUT!!!  
I'm the worst that you'll find  
PULL OUT!!!  
You're the salt of the spice

{Chorus}

How could you pull out on me?
