Turns out, it was this chick I'd like to 'ooh' wit it  
Now I'm tryin' to figure out if I'ma fool wit it  
She used to be the cheerrleader type, school spirit  
You know the pom-poms, back flips, split wit it  
I know a lot of niggaz tried but they didn't get it  
Or maybe they had the game they just didn't spit it  
Or they won't admit it, cuz they carry too much pride in  
it  
I like to slide in it, flip it and dip it and take a ride in it  
Hide in it, might flight glide in it  
You know I did it, cuz I'm cool wit it
