I dreamed that I knew

The secret code

I cracked the formula

And found the perfect note

Now it's so easy

To give you what you need

Your face betrays you

It's not so hard to read

Big hit

Backlash

I see your face and I wanna smash

Smash!

Gonna take you far

Your charm

Sweet sound

It's all for sale

Go climb Mount Everest

You can't afford to fail

A certain beauty

That million dollar smile

Just give them what they want

Before it's out of style

You wanna smash

Smash!

Gonna take you far

Don't wanna crash

Crash!

Who do you think you are?

Big hit

Backlash

I see your face and I wanna smash

Smash!

Gonna take you far

Don't wanna crash

Crash!

Who do you think you are?

Have a drink some poisoning

And get so high

You'll forget how to think

Go cry, and crash

So dry, get trashed

No lie, all thrash

Oh my, more cash You wanna smash...
