It began like any other day  
Same mundane, same headache on the road for a  
show to play  
Got to get up, gotta get going  
Cant's in the back, blaze up he starts flowing  
Kick it off with my kind like any other show  
Before I said my line I saw her in the front row  
She's dancing looking so fine how's this song go  
Tac's like I'm just like you and I'm like I don't know

## Pre-Hook

Do your dance girl  
Just give me a chance girl  
Just show me what I can do  
Just let me come closer now cuz I think I want you  
Do your dance girl  
Just give me a chance girl  
Just show me what I can do  
Just let me come closer now cuz I think I love you

## Chorus

You're beautiful  
So fucking beautiful  
And I can tell by the way you move  
I'd be a little more complete if I just had you  
You're beautiful  
So fucking beautiful  
And I can tell by the way you move  
I'd be a little more complete if I just had you

Damn girl well I don't mean to stare  
But I can't even help it when you call me over there  
You wanna drink, yea, just tell me what you like  
Tell me what you think what you're doing tonight  
Cuz I, need you yea you know I need your body  
It can be our secret I won't tell anybody  
So you wanna leave do you wanna make a bet  
That this will be a night that you'll never forgot

Do your dance girl  
Just give me a chance girl  
Just show me what I can do

Just let me come closer now cuz I think I want you  
Do your dance girl  
Just give me a chance girl  
Just show me what I can do  
Just let me come closer now cuz I think I need you

You're beautiful  
So fucking beautiful  
And I can tell by the way you move  
I'd be a little more complete if I just had you  
You're beautiful  
So fucking beautiful  
And I can tell by the way you move  
I'd be a little more complete if I just had you

Uh-oh, yo, I went a little crazy  
Got her locked up in my basement, maybe  
I'm her only man and she's my pretty lady  
I know she loves me when she screams out, save me!  
Put that song on  
I make her dance  
She doesn't have a choice it's what I call romance  
I watch her go and I'm hypnotized  
And she looks so cute with tears in her eyes

Do your dance girl  
Just give me a chance girl  
Just show me what I can do  
Just let me come closer now cuz I think I love you  
Do your dance girl  
Just give me a chance girl  
Just show me what I can do  
Just let me come closer now cuz I think I need you  
You're beautiful  
So fucking beautiful  
And I can tell by the way you move  
I'd be a little more complete if I just had you  
You're beautiful  
So fucking beautiful  
And I can tell by the way you move  
I'd be a little more complete if I just had you
