You drive me crazy, you drive me mad,  
My mind is burning outside your bed,  
My sweet Lolita, I fell in love,  
Your sweat is bitter, your hands are rough.  
Ref: You - baby driver! | 3 times  
You grab my soul away, away, away!  
In such desire I lose my head,  
I sink in fire, I fall in dread,  
I gave you all things I got to give,  
Please give me one thing I need to live.  
Ref.  
You'll be my pussy, I'll be your son,  
I wanna eat you, like everyone,  
Don't ever leave me, don't ever go,  
And just forgive me, I love you so!
