U make a brotha wanna faint (daaaaaaaaamn)  
Or put u on a plate sock u up wit a muthafuckin biscuit  
Man it was a house party  
Ayo i probly sound corny  
I got oatmeal hormones ma instantly horny  
I mean...the way u carry yaself  
I mean...if i was u i'd probly marry myself  
I mean ya eyes did i say ya ass i mean ya eyes  
Face bangin haven't even got to ya thighs  
I mean the walk to walk is like the matrix  
I can set a drink on that ass if i had nowhere to place it  
face it  
How could anybody dislike u  
These otha girls r coo but not quite like u  
I mean... ayo i focus on my past a lot but relationships  
like twista gotta hold ya spot  
I mean... and u kno that my time is skimpy  
If im the only one in ya heart then it's probly empty

Ur a housewife  
The type a girl that always no wut time it is the tick tock  
type  
Keep ya own shoes tied

Quick to giv me money wen my bills too high
