Its about time  
That I came clean with you  
No longer fine  
I'm no longer running smooth  
I thought that i  
Found myself on to something new  
Just one more line  
I repeat over and over again till I'm blue in the face  
With a choking regret  
'cause I talked in circles around you on my bed  
Can't say I blame you one bit when you kept it all inside  
When you left that night

Its about time  
That you got sick of me  
No longer fun  
And so far from interesting  
I thought that i  
Found me a cure for feeling old  
Just one more line  
To keep me sleeping loudly and cold  
In disgrace with a shameful regret  
As I talk in tongues to myself in my bed  
Can't say I blame you one bit when you kept it all inside  
When you left that night

And all that followed fell  
Like mercury to hell  
So now we lost our heads for the last time  
And all that followed fell  
Like mercury to hell  
So now we lost our heads for the last time

And I don't dream  
Since I quit sleeping  
And I haven't slept  
Since I met you  
And you can't breathe  
Without coughing in daytime  
Neither can i  
So what do you say?

Your coffin or mine?
