Well hello there, when did you get back in town
Pull up a chair, tell me why you look so down
I'll order us some coffee
We can talk about old times
When the world still turn our way
And you were mine

Those years with you were the best I ever had
Just seeing you brought those precious memories back
And we had some good times and we had some bad
But the worst times with you were still the best I ever
had

Guess we should say good-bye it's time to go
Didn't mean to make you cry I just wanted you to know

Those years with you were the best I ever had
Just seeing you brought those precious memories back
And we had some good times and we had some bad
But the worst times with you were still the best I ever
had
Yeah the worst times with you were still the best I ever
had
