If I wanted it easy I'd a been gone by now
If I though it was simple I'd have figured it out
But this thing called love takes everything that I've got
I'm not sure what it is but I'm sure what it's not
'Cause baby you and I got different ways of saying the
same thing 'cause

Love is hard from start to finish
And if you love you gotta put your whole heart in it
And if it's right you'll know in a minute
Doin' things you never thought you could
Love is hard, but baby life is good

We can say things that cut to the bone
We want to be together but we want to be alone
Sometimes it seems we're on different tracks
We might walk away but we'll always come back
Baby you and me got different ways of saying the
same thing
We both know

Love is hard from start to finish
And if you love you gotta put your whole heart in it
And if it's right you'll know in a minute
Doin' things you never thought you could
Love is hard, but baby life is good

Oh, so good

Love is hard from start to finish
And if you love you gotta put your whole heart in it
And if it's right you'll know in a minute
Doin' things you never thought you could
Love is hard, but baby life is good

Love is hard
Life's so good
Love is hard
Life's so good
Love is hard
Life's so good
Love is hard

Life's so good
