There's no time to kill between the cradle and the  
grave  
Father Time still takes a toll on every minute that you  
save  
Legal tender's never gonna change the number on  
your days  
The highest cost of livin's dyin', that's one everybody  
pays  
So have it spent before you get the bill, there's no time  
to kill

If we'd known ten years ago today would be ten years  
from now  
Would we spend tomorrow's yesterdays and make it  
last somehow  
Or lead the cheers in someone else's game and never  
learn to play  
And see the rules of thumb are all the same that  
measure every day  
The grass is green on both sides of the hill, there's no  
time to kill

No time to kill, even I've said it, and probably always  
will  
But I can look ahead and see that time ain't standin'  
still  
No time to kill but time to change the kind of hurry I've  
been in  
And quit this work and worry lookin' back at where I've  
been  
If you don't look ahead nobody will, there's no time to  
kill

If we had an hour glass to watch each one go by  
Or a bell to mark each one to pass, we'd see just how  
they fly  
Would we escalate the value to be worth its weight in  
gold  
Or would we never know the fortunes that we had 'til we  
grow old  
And do we just keep killin' time until there's no time to  
kill

No time to kill, even I've said it and probably always will  
But I can look ahead and see that time ain't standin'  
still  
No time to kill but time to change the kind of hurry I've  
been in  
And quit this work and worry lookin' back at where I've  
been  
If you don't look ahead nobody will, there's no time to  
kill

No time to kill, even I've said it and probably always will  
But I can look ahead and see that time ain't standin'  
still  
No time to kill but time to change the kind of hurry I've  
been in  
And quit this work and worry lookin' back at where I've  
been  
If you don't look ahead nobody will, there's no time to  
kill

No time to kill  
No time to kill  
No time to kill
