You're late, it's well past two
And there's a trace of strange perfume
I can see you had a good time
'Cause honey I ain't blind

And I can read you like a book
You've got a guilty look
And there's something I'm wondering about
Was there a girl on your boys' night out

No you ain't the kind to cheat
But maybe you would if she threw herself at your feet
Did you look or did you touch
Tell me now you owe me that much
I think you know what I'm talking about
Was there a girl on your boys' night out

A friend called a while ago
Said there was something I should know
She saw you shooting pool
With someone who was making eyes at you
I never have accused
But baby I'm a bit confused
I need to know without a doubt
Was there a girl on your boys' night out

No you ain't the kind to cheat
But maybe you would if she threw herself at your feet
Did you look or did you touch
Tell me now you owe me that much
I think you know what I'm talking about
Was there a girl on your boys' night out
I think you know what I'm talking about
Was there a girl on your boys' night out
