

## Cya "We Had It Bad"

Visit "[We Had It Bad](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Back when we had nothing  
That was when we had it all  
We were so in love it almost hurt  
Now you're staring at the TV  
While I'm staring at the wall  
And I'm hurting now, for the way we were

I liked it better when we had it bad  
When a burning love was all we had  
And every time we were apart  
There was an aching in our hearts  
Now that ain't the way things are  
And it's so sad  
I liked it better when we had it bad

I don't know how it happens  
Why the passion has to fade  
Remember when we said it never would  
Won't you hold me like you used to  
When you took my breath away  
'Cause it ain't too late for us to feel that good

I liked it better when we had it bad  
When a burning love was all we had  
And every time we were apart  
There was an aching in our hearts  
Now that ain't the way things are  
And it's so sad  
I liked it better when we had it bad

I liked it better when we had it bad  
When a burning love was all we had  
And every time we were apart  
There was an aching in our hearts  
Now that ain't the way things are  
And it's so sad  
I liked it better when we had it bad  
I liked it better when we had it bad
