Life may not always go your way  
And every once in awhile  
You might have a bad day  
But I promise you now  
You won't ever be lonely

The sky turns dark  
And everything goes wrong  
Run to me and I'll leave the light on  
And I promise you now  
You won't ever be lonely

For as long as I live  
There will always be  
A place you belong  
Here beside me heart and soul  
Baby you only  
And I promise you now  
You won't ever be lonely

It's still gonna snow  
And it's still gonna rain  
The wind's gonna blow  
On a cold winter day  
And I promise you now  
You won't ever be lonely

You're safe from the world  
Wrapped in my arms  
And I'll never let go  
Baby here's where it starts  
And I promise you now  
You won't ever be lonely

Here's a shoulder you can cry on  
And a love you can rely on

For as long as I live  
There will always be  
A place you belong  
Here beside me heart and soul  
Baby you only

And I promise you now  
You won't ever be lonely  
No no no no no no  
No you won't ever be lonely
