Deep ocean

Vast sea

Deep ocean

Vast sea

Your ocean heart

Clothed in respect

And sweet caress

My uneasy mind

You dip and you swell

Float and you find

And sweet caress

My uneasy mind

Deep ocean

Vast sea

Deep ocean

Vast sea -- that's me

Imagine a set of steps

Easily climbed

To the power of pride

The plastic of mind

Where there lies a table
The table stands
For the power of success
Respect on the sign
Intelligence so cold
A heart like glass
From the surface to deep
You wave then you dive
Like the heart and the sun
You wave and you dive
You hold me so cold
You wave and you dive
Deep ocean
Vast sea
Deep ocean
Vast sea -- That's deep
You're clothed in respect
You smell of sweet caress
Dip and swell
Beyond the power fo fists
Your ocean heart
Healing uneasy minds
And I wanna dive in with you
Clinging to the rock, I'm waiting
Deep ocean

Vast sea

Deep ocean

Vast sea -- That's deep

Your heart is hard

You think your legs hurt

You smell of aching sweet success

Your head's a supernova

And you would like

Anything to stop

The pain from your finger screaming

There you stand

Naked in the sun

Without leather

Whose pain you think you need

But all you need to do is undress

Let go and wash

Take the steps to the other side

Up-turned razors the air is thick with karma

The sutra of a way down

Listen boy it's a long way down

Down to heaven's gate

To heaven gate the steps the steps

To the tower of pride

The devil lied

Dive up to the highest point

Where our lives are save-ed

Where all the lives on the table stand

Power and success respect and climb the steps
