Roll yourself away from me

Unveil me from your layers

Lay with me

Let me plunder, - no betrayal

Shame cast out

Morning sensual fire aroused

Union upon union

In union we'll flower

Sail naked in our funder

Press towards the burst

Drop the sweetest drop

Give the thunder up

Rocking to the top

Sensor none the shame

Cling no more to shame

Ring me in the morning

Take me, take me, in the rain

Oh come with me, eh come with me

Concurr and swallow me

Explode secrete your tender

Let's scream out like the sea

Pull me warm and slender  
Concur and swallow me  
Explode secrete your tender  
Let's scream out like the sea  
Union upon union  
Drop the sweetest drop  
I think about you all day  
Calling the sacred first  
Rolling sunlit day  
Give me what I thirst  
Drop the sweetest drop  
Give the thunder up  
Rocking to the top  
Sensor none the shame  
Cling no more to shame  
Ring me in the morning  
Take me, take me in the rain  
Oh come with me  
Yeah come with me  
Concur and swallow me  
Explode secrete your tender  
Let's scream out like the sea  
Roll yourself away  
Immortal burn alive  
Rocking to the top

Sensor none the shame

Cling no more to shame

Ring me in the morning

Take me, take me, in the rain

Oh come with me, oh! come with me

Concur and swallow me

Explode secrete your tender

Let's scream out like the sea
