I hit spots from state to state
Not only for no lucks or a great escape
You may have a lotta beats but you don't know what to
do with em
So why you fool with em? (Repeat 6x)

You're "Foolin Yourself" with your Little Feat
And "It's A New Day" but you can still get your Skull
Snapped
That's why y'all smoking Rocks by the Creek in the Park
"You Can Make it if You Try" and that's word to Sly
Oh "Yes You Can Can" Dance to the Drummer
And maybe y'all can stop all this Madness in the
Summer
It's the C-O-U-N-T, like Kool & the Gang
But Koolout was the man when the Mardi Gras bells
rang
So "Come Dancing" when the dogs bark
And then the lights get dark, you "Slow Dance" with
Stanley Clarke
Think he wants some? He's not Paul C, just the
drummer
You think you young and find see your whole style is
butter
Do you think they "Give the People" what they want just
because
They got the rap section all up in the front?
"In the Land of Milk and Honey" it's a shame and it's
wack
They think you "Sneakin' in the Back"

I hit spots from state to state
Not only for no lucks or a great escape
You may have a lotta beats but you don't know what to
do with em
So why you fool with em? (Repeat 4x)

I know this girl that just don't care
She got "Long Red" hair, and gets higher than a
Mountain

In the 90's, I guess that means she's blacker than me
Cause what's a S.O.U.L if you can't feel the bass
pounding?

A "Message for the Inner City" is what I'm about
My leg is broken and I'll still do a show, no doubt
And after be by myself or maybe hang with some
kiddies

You catch the Roachclip from Ashley and skip the next
three cities

If you God who Made Me Funky, it sure wasn't you
Cause I'm better than you, I rock those silly hairdos
Six years ahead of you, before you even thought of
Singing Simple Songs

With George smoking Cheeba Cheeba outta bong
The Mexicans ask me to Groove Holmes at shows
Cause y'all Schoolboy gets Crushed when you don't
study the prose

It's all your fault, you're broke with no solution
Cause Impeaching the President is just a Simple
Substitution

I hit spots from state to state
Not only for no lucks or a great escape
You may have a lotta beats but you don't know what to
do with em
So why you fool with em? (Repeat til fade)
