From east to west im sorry I left
I can't fight my determination
Either way it is my decision
Im so far from home
Ya I am on my own
As sad as you think I should be
I have never been this happy

Im counting the days till I leave
This anticipations killing me
Im ready for something different
So here I go
These are the days that matter most
Try to make the best of what I know
Its not all fun and games
No its more

From east to west
Im sorry I left I can't fight my determination
Either way it is my decision
Im so far from home
Ya I am on my own
As sad as you think I should be
I have never been this happy

I can't believe this is happening
All the days that I spent dreaming
Oh look how far we've come
This dream has just begun

I just hope I don't forget
Who I really am
And what I came here for
What did I come here for?

From east to west
(From east to west)
Im sorry I left
(Im sorry I left)
I can't fight my determination
(No)
Either way it is my decision

Im so far from home
(So far from home)
Ya im on my own
(Im on my own)
As sad as you think I should be
(Ive never)
Ive never been this happy

Im ready to go

From east to west
Im sorry I left
I can't fight my determination
Either way it is my decision
Im so far from home
(So far from home)
Ya I am on my own
(I am on my own)
As sad as you think I should be
(Ive never)
I have never been this happy

So here we go

Im ready to go
