Lil' mama had a swag like mine
She even wear her hair down her back like mine
I make her fell right when it's wrong like lime
Man she ain't never had a love like mine
Man I ain't never seen a hand like hers
Her head in my hand had me at loss for words
I told her back it up like burb burb
And that's when she went jurb jurb
And that's when
She li li licked me like a lollipop (She licked me like)
She li li licked me like a lollipop (a lollipop)
She li li licked me like a lollipop
Cuz shawty wanna thug
With bottles in the club
Cuz shawty wanna hump
You know I like to touch
Your lovely lady lumps
Cuz shawty wanna thug
With bottles in the club
Cuz shawty wanna hump
You know I like to touch
Your lovely lady lumps
