Now and then I think of when we were together
Like when you said you felt so happy you could die
I told myself that you were right for me
But felt so lonely in your company
But that was love and it's an ache I still remember

You can get addicted to a certain kinda sadness
Like resignation to the end, always the end
So when we found that we could not make sense
Well you said that we would still be friends
But I'll admit that I was glad that it was over

But you didn't have to cut me off
Make it like it never happened and that we were
nothing
I don't even need your love, but you treat me like a
stranger
And that feels so rough

No, you didn't have to stoop so low
Have your friends collect your records
And then change your number
I guess that I don't need that though
Now you're just somebody that I used to know
Now you're just somebody that I used to know
Now you're just somebody that I used to know

Now and then I think of all the times you screwed me
over
But had me believing it was always something that I'd
done

But you don't wanna live that way
Reading into every word I say
I know I said I'd let it go
And you wouldn't catch me hung up on somebody that I
used to know-oh-oh

But you didn't have cut me off
Make it like it never happened and that we were
nothing

I don't even need your love, but you treat me like a
stranger
And that feels so rough

No, you didn't have to stoop so low
Have your friends collect you records
And then change your number
I guess that I don't need that though
Now you're just somebody that I used to know

Somebody (that I used to know)
Somebody (now you're just somebody that I used to
know)
Somebody (that I used to know)
Somebody (now you're just somebody that I used to
know)
(That I used to know)
Somebody (that I used to know)
Somebody (that I used to know)
Somebody (now you're just somebody that I used to
know)
