This has been going on  
Each second I look you're gone  
You're not calling  
It's time for me to move on  
My friends were right all along  
You keep falling away

Giving ups not easy  
It's hard enough just saying

As much as I make believe  
You're not really here with me  
What was I thinking from the beginning  
You didn't care at all

So here's your last song

I can leave it all behind  
Or take another chance to find you  
No where in sight  
Going to the movies alone  
Every scene that's shown  
Reminds me of you

Giving ups not easy  
It's hard enough just saying  
As much as I make believe  
You're not really here with me  
What was I thinking from the beginning  
You didn't care at all  
All that's left are the memories  
Constantly haunting me  
I'm giving up it's time to grow up  
You're not around and we're not in love

Laying around in around in this hotel room  
Too much to think about nothing to do  
She's not coming back she's not coming back

As much as I make believe  
Something in side of me

Has got me hoping got me thinking  
Who am I to assume

This love is crazy  
Unpredictable maybe  
You'll melt my heart like you did from the start  
All over again like it's not the end

So here's your last song

Yeah we made it out  
Yeah we made it out  
Yeah we made it out  
Yeah we made it out
