I know, I know,
., she stopped to sing,
Since I went and did that thing,
I know, I know,
...loved you.
I know, you can't ...,
Sing and come baby, ...playing the game
Sing and come at me
No way you can stay,
I know, I know, I know,
I, I, I know.
Don't have to tell me baby,
See. on the road now,
You're gonna live my side,

But I will remember you baby,
Each and every midnight,
Don't have to tell me
...let me go,
I, mmmm, see you so alone,
Annnd I, I see you go.
. loud girl,
., please stop to sing,
Since I went and did that thing,
I know, I know
Please let me go.
