I don't want to work
I don't want to work with the rifle
I don't want to work
I don't want to work with the gun

I don't want to live
I don't want to live for the Bible
I've seen the things it's done

And babe, take it easy
No one can hurt me
Like you do

I don't care for freedom
Or any country
More than you

It's a long way home
It's a long way home
To where we used to be

I don't want to sleep
I don't want to sleep in the desert
No I don't want to see
the stars from here

I don't want to fight
I don't want to fight for tomorrow
Without you
It can all disappear

And Babe, take it easy
You don't know what you're
Saying to me

All I've got
Is the knowing
You'll wait for me

It's a long way home
It's a long way home
