Locked in a room  
With no warmth or light  
Battered and bruised  
No strength left to fight  
Slumped to the floor  
Numb with pain  
A stroll in the dark, never again...

Picked up by a vicious gang  
In the back of a Transit van  
Sexually abused and humiliated  
A bright future now disintegrated

Left to die  
To rot away  
Human waste  
Death you'll face

Pissed on, unpleasant?  
Ha, in your mouth, excrement  
Sadistic pleasure from unseen terror  
Leads to horrific torture

The cold gets colder  
As the dark gets darker  
No way out no, accept your slave form  
Here it comes, is it Heaven or Hell?  
The soul is gone now  
All that's left is a shell
