"The Rules Of Church"

Day after day
Raise the eternal insanity
Through the ingenuity
Of a great nation
That cannot believe
In their country structure

(CHORUS)

...but from everything
They can take
Advantage
Distorting minds
Through the "words of god"
Or from the "Sacred Bible"
False images
Help to incorporate
A scenary where
Occurs strange ritual
Of brainwash
They do...
... The fucked rules of church !!!

Blinding the truth
How justice is
A strategy
To take money
From peoples
That don't even have
From themselves

(REPEAT CHORUS)

Disappointed !!?
The new fucked rules of church
Disappointed !!?
The new fucked rules of church...
