"Leroy Hand"

Visit "[Leroy Hand](#)" on MotoLyrics.com

Little Leroy Hand asked his Grampa Joe
Left or right which way should I go
And then he took off his hat and opened his mind
Check em both out and see what you find
Little Leroy checked the road to his left
But he come right back and said nothings there
And grampa said you sure fooled me
I see what you did and what you've come to be
Nothin's gonna be a long lost word
Cause nothings gonna change
I've been brought down by my own hand
I've caused my own pain
Well I sit back and I wonder
What I'm doing here
As the world changes I realize
I've been stuck here
For far too many years
