TAKE YOU HOME

(Music & Words by Elio Pace) Copyright Control

We've been out and about
All day since half past two
And driving in my car is not what I'd planned to do
Well I think it's time I told you babe in black and white
I can't believe you wanna be alone tonight
So come on baby let me take you home

Back to my apartment
We'll dance, we'll have some fun
And when we're through with dancing
Ooh Wee! That's when the night's begun
We can sit and talk the night away, it's up to you
Or let me show I love you if you want me to
So come on baby let me take you home

Tonight, come back with me
We'll leave a message for your ma and pa
To say where we'll be
And if we find it gets late
Then I won't even have to take you home
Stay the night

Now I've spoken my mind
And you know exactly how I feel
Don't be shy now honey
You know I've got a heart for sale
Can't you see it's in the stars
The moon he says it's right
The twinkle in your eye is setting me alight
So come on baby let me take you home

solo
repeat bridge
repeat last verse

I said sugar won't you let me...
Woah, one more time
Come on baby let me take you home
