So this is what were waiting for?
15 years and nothing to speak of
I've never felt so alive, but never so alone.
Lets hitch a ride to nowhere.
I hear its warmer there.
We'll ride until the car breaks down.
Our hearts shutoff we can't go on.
... Can't go on...

Light the candele for every time we've heard those
words
Those stupid words. Light up our faces. Dull and Dim.
You see right through them and you never know.
We're still too young...
We're still too young....
We're still you young for all of this.

So this is what we're living for?
A life of losing far too much.
You say you've never loved?
Well can you tell me this?
Could you refuse if I asked you tonight.
To run away, so far away.
They'd never find us. They'd never find us.
You'd finally fall.

Light the candele for every time we've heard those
words
Those stupid words. Light up our faces. Dull and Dim.
You see right through them and you never know.
We're still too young...
We're still too young....
We're still you young for all of this.

We're still too young. We're still too young.
We're still to young for all of this....
