You used to be my man, we used to be in love

Since we parted ways things is gettin rough

Just because I got a kid by you

Don't give you no reasons to act like a fool

[Ed]

Yo, you used to be my girl, but that was in the past

It's a shame that that shit didn't last

And just because we got a kid together

Don't give you no reasons to change like the weather

[Free]

Sometimes I reminisce on how it was before we
dropped a seed

I was your everything and you was all I need

Stopped payin attention cause I gained a little weight

Pokin all these hookers, layin up from state to state

My stress level's risin to the highest, you begged me

To have your baby, now you're tryin to play me

And so I choose to move away from this drama

No longer in love, now you just my baby's father

[Ed]

What's up, you needs to shush up and hush up

Everything you hear you believe

You're Loud plus you Rifkin more than Steve

When I come through you make me leave

If I roll up on you like a sleeve

Don't get it twisted like braids or weaves

No welly, I'm off to the bank telly

Plus actin foul when my seed was in yo belly

You ain't the eight one on the section

The problem is we ain't together but we still keep sexin

[Free]

You tryin to keep the upper hand just because we got a kid

Don't give you the right to try to monitor the way I live

Where I go and who I date ain't no business of yours

No need for you to player-hate, you still get the drawers

[Edo]

The love used to be there, I don't know where the shit went

We was young and wasn't ready for commitment

Young ways at a young age

Two teenagers with a young seed to raise

[Free]

You used to be my man, we used to be in love

Since we parted ways things is gettin rough

And just because we got a kid together

Don't meant that the shit is gonna last forever

[Ed]

Yo, you used to be my girl, we used to be in love, baby

Since we broke up you started actin crazy

And just because we got a kid together

Don't give you no reasons to change like the weather

[Ed]

See you been on fire since the baby, flamin up

Started changin up with the rah-rah callin my peeps
and hangin up

Speakin in a different tone now

On that young shit, even though we grown now

You on your own, but ain't raisin her alone

We can't even hold a decent conversation on the phone

Yeah, we lay down like SMPTE

You want me to hit you so you tempt me

Turnin Red like Simply

Don't take it out on my seed cause you resent me

It's unfulfilling, so in other words we empty

You talk about things you prepared to do

I was there when your fam wasn't there for you

And yo, I'm pointin fingers, like triggers

Your sisters is a bunch of golddiggers

With they kids around a million different niggas

Fake tears you cried and wept

Baby, walk the same path and follow in they footsteps

[Free]

You try to say them hurtful things and threaten me with fear

But I cried my last cry and shed my last tear

I did my best to keep you out of court for child support

But you don't do your job, it's like I'm married to the mob

Your friends be on some spy shit, I'm on some do-or-die shit

Survive it, I got to, I can't depend on you

Watchin her on weekends, thinkin you the shit

Callin it a favor when you babysit

You'se a part-time daddy with some part-time love

And I ain't stoopin to your level, I gots to rise above

Appreaciate I demonstrate, my ways could be much meaner

You be a clown and fuck around, I'm servin you subpeonas

[Ed]

You used to be my girl, that was in the past, baby

Since we parted ways you started gettin crazy

And just we got a kid together

Don't give you no reasons to change like the weather
