Hollow Lyrics

IT's no big deal
I wanted you but you don't feel the same
I'm over you
I'll tell myself til I forget your name
That I'm the best that you'll never have
IT's a chain
That I can't face that

I guess you're no heart breaker
Give it up
You're never gonna give me
Stop pretending
I tell myself
We're looking in the mirror
They say and walk away
'Cause you're no heart breaker
No matter what they say

Call you four times
But she was busy leaving me behind
So obvious
That she's got plans with someone else tonight
And it just hurts all over again
That she was never mine

I guess your no heart breaker
Give it up you're never gonna get her
Stop pretending
I tell myself we're looking in the mirror
They say and walk away
'Cause you're no heart breaker
No matter what they

The truth is I
Will never be the same
And all this time
I thought that she would change
The memory remains
And I just feel so hollow
So hollow

I guess you're no heart breaker
Give it up
So give it up!

You're no heart breaker
Give it up you're never gonna get her
Stop pretending
I tell myself we're looking in the mirror
They say and walk away
You're no heart breaker
No matter what they say

No heart breaker
Stop pretending
I tell myself we're looking in the mirror
They say and walk away
You're no heart breaker
No matter what they say
You're no heart breaker
