until the first beam of spring
someone will divide you from the dark my king
someone break the fences of the past
youÃƒÂˆÃƒÂˆ'll notice everything around
youÃƒÂˆÃƒÂˆ'll do

sleep in a violet sapphire
steer to the ground
steer to the ground go under
deep under the sea a meadow ground
stay forever there

(a heart fade out again)

after the end of the fall
no one will provide you a diamond for sure
no one free the kitten from the bag
you will notice anything has passed through

sleep in a violet sapphire
steer to the ground
steer to the ground go under
deep under the sea a meadow ground
stay forever there

(a heart fade out again)
