Thought that I would never ever tell a lie
always tried to find your whisper
thought that I would never ever fake a smile
but my thoughts made me surrender

Don't walk away, don't walk away
cuz I need you to stay

Gave me another reason to breathe
I was lost, all alone and fading
gave me another reason to dream
and I was found in more ways than I had ever been

Cuz I was stuck in infinity, for a felony
believe in god or believe in reality
Is he family?, or an enemy? Is he the one that brings
me the remedy?
on a Saturday, or a Sunday, love for real or hate for
humanity
I saw you walking away from me, I saw you walking
away from me.

Find me another reason to see
open my eyes and try to reach you
never wanted your lies
cuz you knew that I would break away from all this

I walked away, I walked away
it was my mistake
I walked away, I walked away
I was in fallen rage

Cuz I was stuck in infinity
why the hell don't you wanna be, wanna be me,
wanna be
tell me, why on earth don't you lemme be, lemme be
me, lemme be
help me, Why the fuck don't you wanna be, wanna be
me, wanna be
tell me, why on earth don't you lemme be, lemme be
me, lemme be
