Baby (oooh)
You're the one that makes me smile haven't had this
for a while
Then you came and saved me
Baby (oooh)
No one else comes close to you all my time should be
with you I don't get
Enough of
My baby (oooh)
How do I know if this is love I can feel it with one touch
Makes my heart scream out oh baby
Oh come closer baby to my heart I knew from the start
that all I need is
You
All I need is you I can't live without you baby
All I need is you I just need you here to save me
All I need is you I can't live without you baby
All I need is you I just need you (all I need)
You need money (all I need)
You can take that from me (all I need)
Oh baby (all I need is you)
Baby (oooh)
Change my night into the day no more storms just
brighter days since you
Came and saved me
Baby (oooh)
You're the dream I made come true my love fantasy
was you I can call you
Why my
Baby (oooh)
How do I know if this is love I can feel it with her touch
makes my heart
Scream out oh baby
Oh come closer baby to my heart I knew from the start
that all I need is
You
All I need is you I can't live without you baby
All I need is you I just need you here to save me
All I need is you I can't live without you baby
All I need is you (all I need... is you)
All I need is you I can't live without you baby
All I need is you I just need you here to save me

All I need is you I can't live without you baby
All I need is you (cuz' I need ya)
You need money (all I need)
You can take that from me (all I need)
Oh baby all I need is you
