When the alarm goes off  
You feel sick to your fat stomach

It's not as if you weren't told  
You were screwing up  
You knew exactly where you were headed

How to never amount to anything at all

What have you done with your life?  
Thought you'd travel the world before 25

There's no named saints here now  
Looking out for you  
You can't go back and redeem yourself

Tired of being a joke  
Mister, get used to it
