I'd like to welcome the Western Union
On to this Blue Carpet Treatment
Some player partners of mine
We gonna show you this new dance we got

Like this
It's easy to do
Like this
Yeah, it's so easy to do
Grab a honey
Take her to the floor
And do it just like this
You don't have to break it down to the floor
All you gotta do is keep moving your hands
Like this
Like this
I feel like a player
When I move and dance to the song
All I wanna do is get my groove on
Like this

I throw my hands like Marvin
Sorta like James Brown
How I get down
I'm holding my chain
So it don't swing
I'm sliding my feet
Staying on the beat
I dip low
Then bring it back slow
If you didn't wanna dance
The why you on floor

The mamis on the floor
With Mr. Luck on the _
Super duper behind
And baby it's a set up
Two step with me
Call your girls
I got 2 reps with me

They call the game quickly
Bitch boys move
I'm too cool for the runway
Player of the year
My gear is set for Sunday

Wait right here
Girl I'm coming back Monday
Slide right in front of me
Get our dance on
Fred Astaire
Faye Dunaway
Eyes on us
While we move to the clap
I'm nice with the jams
And I'm smooth with the rap
We in the zone with the lights and glamour
Glass full of Patron
Cold as grammar

Coat made of panther
Excuse me miss
Let me show you how to do it

On a slow drip
Bubbles like a 4-fifth
And everybody, everybody notice
So to coo-cool Calvin Broadus
And every woman is a goddess
And every rapper is an artist
Yeah right
You're dead wrong to sing a long
It's _
For realla, my nigga it's King Kong
Giving niggas the blues
As I'm walking on these fools
With my blue suede tennis shoes
I'm two stepping
With my weapon (close)
On the dance floor loc
Cuz you never know
Yeah, baby girl she's strapped
But she's cool
Cuz we ain't come to act a mother fucking fool
We just chillin
Like a villain
Got my hands to the ceiling
And I'm feeling the feeling
