Girl you some out of magazine  
... beauty... please don't be mad at me  
I had to speak even if I loose  
Can't win the game if you lames won't shoot  
Fuck that I'm taking mind to the hope  
Must of hit the game winning cause she's riding in my  
coop  
Oh, and the things I'ma do,  
Oh, can't front, I'm confused, I don't know where I'ma  
start,  
I don't know what I'ma need  
Movie underwear, longest...  
Throw some drink on, the hair hit the vent  
Be the best you ever had bitch, I'm mad there working

Ever met a bitch dope as  
Pretty face, so much ass  
5 stars, so much class  
Got me hard as a... I don't... to smile  
Why not? cause baby I just wanna taste it  
I just wanna taste it, I just wanna taste it  
Take you and sit you on my face bitch  
I just wanna taste it, I just wanna taste it  
I just wanna taste it, do it all night if you can take it, all  
night long  
We can do it all night baby, all night

All night like a... , wanna treat her like a pro...  
... sweeter than the...

Whip cream only thing make the love start

No cake and I'm throwing all my change  
Trying to... this hoe and try and explain, why

Ever met a bitch dope as  
Pretty face, so much ass  
5 stars, so much class  
Got me hard as a... I don't... to smile  
Why not? cause baby I just wanna taste it  
I just wanna taste it, I just wanna taste it

Take you and sit you on my face bitch  
I just wanna taste it, I just wanna taste it  
I just wanna taste it, do it all night if you can take it, all  
night long  
We can do it all night baby, all night long  
We can do it all night baby, all night long

All night till it's alright  
Ever heard... got your...  
And I'ma keep pitching, and guarantee that pussy can't

Get your life savers right now... why?

Ever met a bitch dope as  
Pretty face, so much ass  
5 stars, so much class  
Got me hard as a... I don't... to smile  
Why not? cause baby I just wanna taste it  
I just wanna taste it, I just wanna taste it  
Take you and sit you on my face bitch  
I just wanna taste it, I just wanna taste it  
I just wanna taste it, do it all night if you can take it, all  
night long  
We can do it all night baby, all night long  
We can do it all night baby, all night long  
All night, all night  
We can do it all night baby, all night long  
We can do it all night baby, all night long  
All night, all night
