"Wanna Bang"

Visit "[Wanna Bang](#)" on MotoLyrics.com

[Mr.Sancho]

Just another day it's all about survival in a major way
get out my way go and get your bible and begin to pray
I'm on the loose fucking with the truth beat you down
and
snag your jewels, I be acting like I choose I be acting
like a fool
What up? I got the loo, we build sluga mothafucker' I
crack down
on all you busta's that cannot trust us, known to flip the
script
this time, I'm slick like this sick rhyme it's gonna hit ya'
bitch
when I get high of this, and so I started all malicious
'cause I'm
out to get ya' I'm so relentless on the thought of getting
with ya'
get a picture if you turn out your pose can I get ya' a
hose, give you
a presence of a sick mind and a criminal mind mafioso
working out crimes hooking the minds killing these
vatos that are
dropping a dime, I dont need shit 'cause I get all that's
mine
stab me in the back 'cause I'm doing this fine, 'cause I
don't play
silence all you putos right away, remember the name
SANCHO
not giving a fuck about what you say

[Chorus 2x's] (Big Capone)

You wanna hang, you wanna bang and act like the big
boys
tag along then you dump from the big toys
think first before you talk before you react
you wanna bang on me I'mma bang right back

[Big Capone]

You wanna bust and bust do what you got to do
but understand this I'ma do what I got to do

whether it be through a .9 and .45 or .22
if you bang on me I'ma bang on you
I ain't scared of shit and I ain't scared of you
I'm Big Capone mi corazon will walk alone if I have to
everything about you is weak, you ain't nothing but a
has been
I hate it when you speak, see you when you walk
I feel all your thoughts, you in a game for two only you
falling
too short, I can hang with the best of 'em
pull out the south and west on 'em, watch low pro
collect on 'em
I'm a leader so shut the fuck up and follow me jump in
your low low
and ride for me, if you hate me then fuck you 'cause
you ain't shit
you gonna bang I'mma bang so come on fill up your
clips

[Chorus 2x's]

[Mr. Sancho]

He sobrevivido varias situaciones peligrosas
empezando con chingasos terminando con pistolas
no empieces a creer que me vas a chantajear
pinche culero me buscaste so te voy a balacear
me vale madre mas te vale no te metas en mis jales
cuando entras nunca sales te corto la lengua por lo
que sabes
crimenos organizados watcha tu espalda por todos los
lados
sabes que yo siempre tiro los dados, siempre tumbado
siempre armado, SANCHO te llevo me siento bien
acelerado
te apuesto mi vida que en esta batalla yo siempre gano
100% macho, actuando bien gacho, yo soy tu destino
y cuando te mueres escucha y mira que no estoy
bromeando
no te pases, hablas como nada cuando no estas en mi
cara
no te rajes, ya que estamos cara a cara no te oigo
decir nada

[Chorus 2x's]
