I knew that something was wrong that day  
I felt so empty inside with a burning sensation and pain  
I wasn't myself, I couldn't react  
To a situation or an attack  
So please forgive me for leading you to believe  
That all was well and fine that day  
You wanted the story so here's how it goes  
But first I just want you to know

That's it's been 23 days since I last saw you  
23 days since you fell out of my life  
I feel this pain, and I'll go insane  
If this lasts forever

So on with the story but it's not much  
Just an explanation for breaking your trust  
Maybe now I regret this, I just thought it'd be different  
Cause I just wanted to be free  
You think that I lied even though that I tried  
I never meant to hurt you on purpose  
I gave up on her another gave up on me  
And this is leading me to believe  
That this idea is failing

23 days since I last saw you  
23 days since you fell out of my life  
I feel this pain and I'll go insane  
If this lasts forever

So now you know I didn't simply erase you  
And all we had til the end  
But that doesn't change the way I feel now  
The way I feel now

23 days since I last saw you  
23 days since you fell out of my life  
I feel this pain and I'll go insane  
If this lasts forever

Will I ever get this right, and if this lasts forever
