Set me free
Let me be who and what I am
Why can't you see?
You never seem to understand
This pain I feel
Is as real as your ignorance
Question fate
As I await deliverance

Like a fantastic fork in bloody meat
Don't give me love I wanna drowned in your deep
divide

Tumbleweed, sew the seed
In this ghost town
You never know
What you'll see when the sun goes down
I saw her last
In a dream she seems to astound
Heard of her first third verse 216
Hands bound, hands bound

Taken from me in my mind
Empty without it inside
Starving I am the deprived
Just want it once

Desires strong resistance is weak
It's hard to win when you've got so many mouths to
feed

Set me free
Let me be who and what I am
Why can't you see?
You never seem to understand
This pain I feel
Is as real as your ignorance
Question fate
As I await deliverance

I could die for all of my sins
No not for that for all that I have never had

This life's a fight
For fulfillment inside
A war of my own hindsight
Look back with resentment
Taken as I find myself all alone
This life's a fight
For fulfillment inside
Taken as I find myself all alone
All alone, all alone, all alone

This life's
A fight for fulfillment
Inside a war of my own
Hindsight look back with resentment
Taken as I find myself all alone
All alone, all alone, all alone
All alone
