"Come On"

I can kill forever in a day
Disecting every second
I can be perpetually devoid
You'll never sense upheaval in my voice

Come on [X3]
Do you really want to fuck with me tonight

I pretend to sleep at night
Just to hear your voice calling
I've been down this path before
Keep leaving wanting
Come on (Do you really want to fuck with me) [X2]
Come on (Do you really want to fuck with me tonight)

I've got my hammer, ductape, visqueen
I know that nobody believes me
I've got something to say
Born in my bloody reign
Don't ever doubt my art in
Pieced together body parts

I pretend to sleep at night
Just to hear your voice calling
I've been down this path before
Keep leaving wanting
Come on (Do you really want to fuck with me) [X2]
Come on (Do you really want to fuck with me tonight)

Do you really want to fuck with me
Do you really want to fuck with me tonight

I've got my hammer, ductape, visqueen
I know that nobody believes me
Nobody believes me
Nobody believes me
Nobody believes

I can kill forever in a day
Disecting every second in the way
I could be perpetually devoid (Devoid)
You'll never sense upheaval with my voice

I pretend to sleep at night
Just to hear your voice calling
I've been down this path before
Keep leaving wanting
Come on (Do you really want to fuck with me) [X2]
Come on (Do you really want to fuck with me tonight)

Do you really want to fuck with me
Do you really want to fuck with me tonight
