In a church by the face  
He talks about the people going under  
Only child knows  
Lost and crazy, we're lost, lost crazy

A man decides after seventeen years  
That what he goes there for is to unlock the door  
While those around him criticize and sleep  
We're lost and crazy, we're lost and crazy

And through a fractal on a breaking wall  
Well I see you my friend and touch your face again  
Miracles will happen as we trip  
Lost and crazy, we're lost and crazy

But we're never gonna survive unless  
We get a little crazy  
No we're never gonna survive unless  
We are a little

Crazy are the people walkin' through my head  
One of them's got a gun to shoot the other one  
Yet together they were friends at school  
Get it, get it, get it, no

If all were there when we first took the pill  
Then maybe maybe maybe maybe  
Miracles will happen as we speak  
Lost and crazy we're lost and crazy

But we're never gonna survive unless  
We get a little crazy  
No we're never gonna survive unless  
We are a little crazy  
No no never survive unless we get a little bit

Crazy are the people walkin' through my head  
One of them's got a gun to shoot the other one dead  
And together they were friends at high school  
Get it, get it, no, no, take it, take it, no, no

In a sky full of people only some want to fly

Isn't that crazy, crazy?  
In a Heaven full of people only some want to fly  
Isn't that crazy, crazy?  
In a world full of people only some want to fly  
Isn't that crazy, crazy?

Lost and crazy we're lost and crazy  
(But we're never gonna survive unless we get a little  
crazy)  
Lost and crazy we're lost and crazy  
Lost and crazy we're lost and crazy  
(No we're never gonna survive unless we are a little  
crazy)  
Lost and crazy we're lost and crazy

Lost and crazy we're lost and crazy  
(No no never survive unless we get a little bit)  
Lost and crazy we're lost and crazy  
Lost and crazy we're lost and crazy  
(No we're never gonna survive unless we go a little  
crazy)  
Lost and crazy we're lost and crazy

Always dismissed, never been kissed by a virgin  
I see the stained lips against my religion  
We get the one half to the clone war  
Your number's in the phone book  
Check your number, it's the second verse, lost  
We're lost and crazy, we're lost and crazy  
We're lost, lost, crazy
