With A Guilt Ridden Frown Hidden Smiling Deep Down
Laughing At The Crowd Nauseating Sound As The Blind
Lead The Blind On A Crusade For Sight Corralled In The
Corner

This Leash Is Too Tight I Can't Keep Up This Act
Please Expand The Role Choking On Dialogue
You've All Heard Before With A Guilt Ridden Frown
Hidden Smiling

Deep Down Dying Inside Paint A Smile On This Clown
Tainted Face Jaded By Disgrace Regurgitate Your Faith
Fornicate Your Mind All That Hides Inside Roll Around,
Defecate, Compensate The Mess,
You Made No Escaping,
From The End Ego Trip-Punishment Falling Down
You Can't Get Up Nothing Left To Land On
