'Tis the coming of the calm before the storm
Is it in the nick of time
Are we all way out of line
I think it's time we got ready

And did you crucify yourself
Show resistance
Or beg for some more
I wanna wish you well
I don't think it went too well
I wanna wish you well

A lot is on your mind and your eyes are gonna close
That's why your head stays so heavy
A blurry, blissful, swift decent
And now you wonder where you went
And did you qualify yourself, justify yourself
Lose your direction
Or go for the door
I wanna wish you well

Well, I didn't think you'd come here

Thank you for coming here
Now get me out as fast as you can
This ain't the hell I wanted
Who's gonna want hell if ya want it (x2)

Would you like to gain your perspective
I couldn't get it anymore

I wanna wish you well
I don't think it went too well
I wanna wish you well
Well I didn't think you'd come here for me

(Chorus x2)
