I've Got A Great Choice Of Career Staring Endlessly
Into The Mirror I've Got
A Blank Look On My Face Never To Ever Disappear,
Disappear This Is My Chance
At The Mirror This Is My Chance At The Mirror I Find I
See Myself In Your
Eyes Feel Your Regret, Taste Your Despise I Am
Immune Still Insecure I've
Been Things That Never, Ever Were Never Were This Is
My Chance At The Mirror

Wanting What's Behind Inside The Outside There's No
Time To Hide Curiosities
Outcry To Have And To Hold To Bend And To Mold
Determine A Price Prepare To
Be Sold All Is Commodity Deformities Oddities Exploit
The Prodigy To Amuse Us All
