Verse 1

Don't be afraid
I'll be there every step of the way
No don't even say
That you don't need the key to the escape
I didn't come all this way to hear a 'no'
My heart is here, hop in and go
You could be the typical or you could try

Chorus

You could try
You could learn how to fly
You could try
You could live like you're never gonna die
Never gonna die
Never gonna die
As long as you got love in you

Verse 2

'This is insane' it never is baby
That's why they stay behind us
And that is where they belong
Breathe it in deep and don't ask if it's wrong
Oh I didn't come all this way to hear a 'no'
My heart is here, hop in and go
You could be the typical or you could try

Chorus

You could try
You could learn how to fly
You could try
You could live like you're never gonna die
Never gonna die
Never gonna die
As long as you got love in you

Bridge

They're so afraid that they're not gonna make it
That they let the chance slip by
But you don't have to wait it's in front of your face
Just live your life

And you can try

Chorus

You could try

You could learn how to fly

You could try

You could live like you're never gonna die

Never gonna die

Never gonna die

As long as you got love...

Try

You could try

You could learn how to fly

You could try

You could live like you're never gonna die

Never gonna die

Never gonna die

As long as you got love in you

(As long as you got love in you)
