Yeaahh,
Yeah,
Girl, I'm gone,
Why'd you let me leave you all alone in the first place,
And I know the worlds,
Waiting on me babe,
But I'll be damned if they came back,
For you were hererererrrr,
Cause as far as I'm concerened,
You are the only thing that's true girl,
And it's about time you learned

There's one planet in my galaxy,
There's one woman on my earth,
There's one reason why you come first,
There's one man for you girl,
Just one man for you girl,
(Just one man for you girl),
Just one man for you girl,
(Just one man for you girl),
Just one responsibility,
With one woman on my earth,
And one man for you girl,
(One) girl,
(One) girl,
(One)
Just one man for ya

All along
Every other person that you met,
Was just a fake,
Cause there's just us,
Nobody telling us,
To pay for the time we take from me and you,
Oh ohhhh,
And as far as I'm concerned,
You are the only thing that's true girl.
And it's about time you learned

There's one planet in my galaxy,
There's one woman on my earth

There's one reason why you come first,
There's one man for you girl,
Just one man for you girl,
(Just one man for you girl),
Just one man for you girl,
(Just one man for you girl),
Just one responsibility,
With one woman on my earth,
And one man for you girl,
Girl (Girl),
Girl (Girl),
I can't believe I've got the only (Girl),
She's fine with me (Girl),
The only (Girl),
And that's why I'm keeping her first,

There's one planet in my galaxy
[Cause there's only],
There's one woman on my earth
[Oohhh],
There's one reason why you come first
[Only one],
There's one man for you girl
[Only one],
Just one man for you girl,
(Just one man for you girl),
Just one man for you girl,
(Just one man for you girl),
Just one responsibility,
With one woman on my earth,
And one man for you girl,
(Girl),
(Girl),
(Girl),
Just one man frt ya
