Mushroomhead
"Save Us"

And it's all
I've ever wanted
To believe

That peace could grow inside of you

In spite of me
Humanity
I hope you're out there somewhere...
I hope you're out there somewhere...

All alone
I hear the whole world calling
Save us from ourselves
Save us from ourselves

All alone I hear the angels scream my name

I look through the eyes of humanity
I looked at myself
So many things I hate in me
So many things are so hard to believe

I can hear the whole world calling
I can hear the whole world calling me
All alone I hear the angels scream
My name
(My name)

All alone I hear the whole world calling
Save us from ourselves
Save us from ourselves
{And it's all...)

All alone I hear the angels scream
My name

Used to be all that I wanted you to see
All that I needed you to be
Does anyone care?

Does anyone care

Care about your fellow man
Does anyone care
Does anyone care
About your fellow man?
Can you understand
Can you understand about your fellow man?
Are you pure enough
To hear me out yet?
Are you sure enough
That you're pure enough
To comprehend?

JUST LIVE
FORGIVE AND FORGET!

All alone I hear the whole world calling
Save us from ourselves
Save us from ourselves
{And it's all...)

All alone I hear the angels scream
My name
(My Name)

(And it's all)
All alone I hear the whole world calling
Save us from ourselves
Save us from ourselves
