Locked away in a cage  
My rage has got the best of me  
Time finds a way each day  
Of leaving less of me behind  
I find this fight must be won  
Inside my mind  
So uptight and confined  
Often blinded by the light

Taking its toll  
On my system

Like some played out existence

Time ticks away  
These last few moments  
Is there anything we've left unsaid?  
I'm on a quest for atonement  
I've got to find peace of mind  
And a place to rest

Biding my time until I'm strong enough  
To fight back

Hope

I hope against hope for some resistance  
Been taking it out on my system

Time ticks away  
These last few moments  
Is there anything we've left unsaid?  
I'm on a quest for atonement  
I've got to find peace of mind  
And a place to rest

Time ticks away  
These last few moments  
Is there anything we've left unsaid?  
I'm on a quest for atonement  
I've got to find peace of mind  
And a place to rest

Rest, rest

Rest, rest

There's a calm before the storm  
And the western front is quiet  
I've got Rembrandt as my right hand  
And Solo as my pilot

There's a calm before the storm  
And the western front is quiet  
I've got Rembrandt as my right hand  
And Solo as my pilot

Condemned Man (Condemned!)  
Convicted Man (Convicted!)  
Could not save my life, cutting strand by strand.(Strand

Passing it off, Like some kind of king, You don't know  
peace  
till you've had suffering.(What's Suffering?!)

All of this so called resolve but you havent tasted pain,  
Have you ever been inside of the new masterpiece?

Rest!

Have you ever been inside?

Rembrandt as my right hand, and Solo as my pilot

Have you ever been inside the new masterpiece?

Rembrandt as my right hand, and Solo as my pilot

Strand By Strand

Strand By Strand, By Strand, By Strand, By Strand, By  
Strand  
Condemed! Condemed!
