How could such potential go unrealized the natives
Speak in tongues and tangled truths while chanting
diatribes
Somewhere deep down in the subconscious wrapped in
riddles lies
The meaning of this life we try to find but only lose our
minds

Through my blind desperation soul solely rages on
Social defacing here my replacement comes
Rumors of cutbacks harbored hypocrisy
My heart dwells in darkness my body imprisons me

Breakdown all the walls have fallen
My soul solely rages on
Storm the palace seize the crown
Soul solely rages

Whispered winds soon sound the calling
My soul solely rages on
Betray your malice heed your vows
On

Victory misery glory defeat
The war inside pushing me brings me to bleed
I thank you all for the laughs just like the poison in me
Raise a glass for my father then put me to sleep

Breakdown all the walls have fallen
My soul solely rages on
Storm the palace seize the crown
Soul solely rages

Whispered winds soon sound the calling
My soul solely rages on
Betray your malice heed your vows
On

Erase those saccharine smiles vague in their sincerity
Lift these veiled chains in an endless search for clarity
Barely hanging on to a faith I'd briefly known

I've seen an angels face, the broken wings on which
she'd flown
Emotion fades to faceless as we soon become sedate
Is it time to mourn this loss or is it time to celebrate?

How could such potential go unrealized the natives
Speak in tongues and tangled truths while chanting
diatribes
Somewhere deep down in the subconscious wrapped in
riddles lies
The meaning of this life we try to find but only lose our
minds

Through my blind desperation soul solely rages on
Social defacing here my replacement comes
Rumors of cutbacks harbored hypocrisy
My heart dwells in darkness my body imprisons me

Breakdown all the walls have fallen
My soul solely rages on
Storm the palace seize the crown
Soul solely rages

Whispered winds soon sound the calling
My soul solely rages on
Betray your malice heed your vows
On and on and on and on

Soul solely rages on
Soul solely rages on
Soul solely rages on
Soul solely rages on
