In a church by the face
He talks about the people going under
Only child knows

We're lost and crazy
We're lost, lost, crazy

A man decides after seventy years
That what he goes there for is to unlock the door
While those around him criticize and sleep

Lost and crazy
We're lost and crazy

And through a fractal on that breaking wall
Well, I see you my friend and touch your face again
Miracles will happen as we trip

Lost and crazy
Lost and crazy

But we're never gonna survive
Unless we get a little crazy
No, we're never gonna survive
Unless we are a little

Crazy are the people walking through my head
One of them's got a gun to shoot the other one
And yet together they were friends at school
Get it, get it, get it, no oh

If all were there when we first took the pill
Then maybe, maybe, maybe, maybe
Miracles will happen as we speak

Lost and crazy
We're lost and crazy

But we're never gonna survive
Unless we get a little crazy
No, we're never gonna survive
Unless we are a little crazy

I know we'll never survive
Unless we get a little bit

Crazy are the people walking through my head
One of them's got a gun to shoot the other one dead
Yet together they were friends at high school
Get it, get it, no no, do you, do you? No no

In a sky full of people, only some want to fly
Isn't that crazy, crazy?

(Crazy)

In a heaven full of people, only some want to fly
Isn't that crazy, crazy?

(Crazy, crazy)

In a world full of people, only some want to fly
Isn't that crazy, crazy?

(Crazy)

(Lost and crazy, lost and crazy)
But we're never gonna survive
(Lost and crazy, lost and crazy)
Unless we get a little crazy

(Lost and crazy, lost and crazy)
No, we're never gonna survive
(Lost and crazy, lost and crazy)
Unless we get a little crazy

(Lost and crazy, lost and crazy)
I know we'll never survive
(Lost and crazy, lost and crazy)
Unless we get a little crazy

(Lost and crazy, lost and crazy)
No, we're never gonna to survive
(Lost and crazy, lost and crazy)
Unless we get a little crazy

Always dismissed, never being kissed
[Incomprehensible]

We're lost and crazy
We're lost and crazy
We're lost, lost, crazy
